- Delivery on mini Malibu / Longboard will be 4 weeks from date of ordering and paying a deposit of R1500. Balance due on collection.
- We prefer electronic payment if possible. ETF to be done prior to collection.

Due to the nature of the sport, no guarantees /warrantees are given. Neither Lampez Shapes nor its employees can be held liable for any damages or injuries that may occur whilst surfing.

As styrene/resin vapour from new boards is toxic, we advise customers not to leave new boards in closed-up areas, e.g. in a vehicle with a pregnant woman or small children or pets.

Standard PU boards cure by the third week; epoxy boards by the 6th week.

Thank you for your ongoing support. Rest assured that you will always only receive top quality products from **Lampez Shapes.... since 1987.**
